The addition of new companies to the consolidation group compared to the previous year had a significant positive impact.

EBITDA and Segment Reporting

The 60 percent increase in EBITDA was primarily driven by the full 12-month consolidation of Tallink Grupp, an approximately EUR 12 million improvement in Elenger's EBITDA and the contribution from the agriculture segment, including Estonia Farmid and Halinga.

The Maritime Transport segment's EBITDA amounted to EUR 119.528 million in the 2025 financial year (EUR 175.181 million in

the 2024 financial year). Tallink's 2024 results were primarily impacted by the challenging economic environment in its home markets and the lowest level of consumer confidence in the past decade.

The Energy segment's EBITDA amounted to EUR 89.323 million in the 2025 financial year (EUR 77.235 million in the 2024 financial year). The profitability of the Energy segment was positively influenced by the results of network companies.

In the Real Estate segment, profitability is assessed based on the EBITDA of the separate real estate companies. Real Estate EBITDA totalled EUR 14.748 million in the 2025 financial year (EUR 14.309 million in the 2024 financial year). Additionally, the Rimi Logistics Centre was included in the reporting in the 2025 financial year.

Total Profit

The consolidated net profit for the 2025 financial year amounted to EUR 69.857 million (EUR 193.670 million in the 2024 financial year). Excluding the one-off gain from the Tallink acquisition in 2024, the underlying profitability of the Group improved in 2025.

Financing

Loan and lease liabilities totalled EUR 1,071.353 million in the 2025 financial year (EUR 1,223.287 million in the 2024 financial year). The net debt to EBITDA ratio was 3.0.

The Management Board of Infortar Group intends, in coordination with the Supervisory Board, to propose a dividend of EUR 3.02 per share for the 2025 financial year. According to the proposal, the payments will be made in July and December 2026.

EUR 1 per share, paid in accordance with the dividend policy; the dividend received from AS Tallink Grupp, 1.48 euros per share;

an additional dividend 0.54 euros per share, paid based on the 2025 financial results.

The total number of Infortar shares amounts to 21 166 239 from which the company's own shares shall be deducted.
