## Eleving Group - Annual Financial Report

# Eleving Group publishes audited financial report for 2025

Eleving Group, an international financial technology company listed on the Frankfurt and Riga stock exchanges, has published its 2025 Integrated Annual Report. The audited results are in line with the previously published unaudited results, with no material adjustments.

During the reporting period, Eleving Group generated revenue of EUR 250.0 million, which is by 15.4% more than in the twelve months of 2024. The EBITDA reached EUR 101.9 million—an increase of 13.5% compared to 2024. Meanwhile, the company's net profit amounted to EUR 29.2 million.

In line with the Group's dividend policy, the Eleving Group management proposes distributing approximately EUR 4.3 million in dividends or EUR 0.037 dividend per share to its shareholders from the profits made during the second half of 2025. Together with the EUR 4.9 million dividends paid in November 2025, it delivers EUR 9.2 million of total dividends from the full year 2025 profits. Eleving Group's management remains committed to semi-annual dividend distributions, with the next dividend for the first six months of 2026 to be paid in November 2026.

"Overall, we are satisfied with the results of 2025. Significant work has been invested to continue double-digit growth in 2026. At the same time, in 2026 our focus will be on operational efficiency, so that the company's profit grows faster and we can provide even higher returns to the company's shareholders," says Modestas Sudnius, CEO of Eleving Group.
