**Tallink Grupp - Annual Financial Report**

AS Tallink Grupp Audited Annual Report for the Financial Year 2025

On 13 April 2026 the Supervisory Board of AS Tallink Grupp approved the audited annual report for 2025 and will submit it to the General Meeting of Shareholders for approval.

Compared to the unaudited interim report published on February 19 there are no differences in the audited annual report in terms of the financial results.

The audited annual report of AS Tallink Grupp for the financial year 2025 in ESEF format together with the independent auditor's report is attached to this release and will be made available on the website of AS Tallink Grupp at <https://company.tallink.com/for-investors/reports-and-financial-key-figures>.

In the financial year 2025 (1 January – 31 December), AS Tallink Grupp and its subsidiaries (the Group) carried 5.5 million passengers, which is down 0.9% compared to the financial year 2024. The number of cargo units transported decreased by 19.2% to 245,004 while the number of passenger vehicles was down by 2.2% to 760,473, year-on-year.

The Group's audited consolidated revenue amounted to EUR 765.3 million compared to EUR 785.8 million in the financial year 2024, down 2.6% year-on-year. Revenue from route operations (the Group's core operations) decreased by EUR 13.7 million to EUR 625.2 million compared to the financial year 2024. The Group's EBITDA was EUR 130.1 million (EUR 175.2 million in the financial year 2024) and the audited net profit for the period was EUR 17.3 million (EUR 40.3 million in the financial year 2024).

The following operational factors impacted the Group's revenue and operating results in 2025:

- Demand was impacted by low consumer and business confidence, ongoing economic challenges in the Group's core markets, and heightened global geopolitical tensions.
- As at the end of the financial year, the Group operated 11 vessels including 2 shuttle vessels, 6 passenger vessels and 3 vessels that were chartered out.
- The number of vessels in lay-up decreased from four at the end of the first quarter of 2025 to zero by the end of the third quarter of 2025, as a result of either securing new employment (the cruise vessel Romantika) or the sale of the vessels.
- During the financial year, the Group completed the sale of three vessels. The passenger vessel Star I was sold to Irish Continental Group plc in April, the cargo vessel Regal Star to AMS Line Shipping Co in August and the cargo vessel Sailor to Rederiaktiebolaget Eckerö in October.
- The Group operated three hotels in Tallinn and one in Riga.
- The Group's cash position was impacted by the payment of dividends in the amount of EUR 44.6 million and related income tax of EUR 11.3 million.
- As at 31 December 2025, the Group's net debt amounted to EUR 432.4 million compared to EUR 537.7 million as at 31 December 2024. The net debt to EBITDA ratio stood at 3.3 as at 31 December 2025 (3.1 as at 31 December 2024).
- Total loan repayments and the related interest payments during the financial year amounted to EUR 113.5 million.
- Capital investments in 2025 totalled EUR 33.0 million, while planned maintenance and repair works of vessels totalled 73 days.

- The Group's profitability was positively impacted by a decline in depreciation expense due to the alignment of the estimated useful lives of the cruise and passenger vessels (except for shuttle vessels) to 45 years.
- The Group continues to focus on cost efficiencies from the previously implemented measures and maintaining profitable operations on its core routes.
- The Group regularly monitors developments on its core routes, including the capacity of each route, and continues to seek options for chartering vessels that are not used on the main routes and extending existing chartering agreements.
